

## Speech Strategies

**School is the target word**

- 1. Start with “cool” – not tool the /k/ is produced in the back of the throat.**
- 2. Then try the /s/ sound. The /s/ sound is made by placing the tongue behind the middle upper teeth and let the air come through the middle like a snake SSSSSS-----**
- 3. Then start with cool. Repeat cool several times and produce a long /s/ sound /SSSSS/ add /cool/**

**Say it again – then quicker**

**Place your finger on the /s/ and as you say the /s/ drag your finger across the line until you reach the cool. Each time you drag your finger the /s/ sound will be shorter.**

**SSSS-----cool**
